Aqueous Multi-Plus™

LIQUID MULTI-VITAMIN & MINERAL SUPPLEMENT

- Suitable for adults and children alike
- Great for those who have difficulty swallowing pills and capsules
- Mixes easily in water or juice, unlike some powders
- Contains rare trace minerals
- Contains all-natural flavors
- Tastes great!

Aqueous Multi-Plus™ (#1158) is available in bottles of 16 fluid ounces.

Recommendation: One serving (1 tbsp.) for adults and children 4 or more years of age and one-half (½ tbsp.) for children under 4 years of age each day as a dietary supplement or as otherwise directed by your healthcare professional.

Supplement Facts

Serving Size: 1 Tablespoon (15 mL)
Servings Per Container: 32

Bio Multi-Plus™

VERSATILE, UNIQUELY BALANCED, MULTIPLE VITAMIN AND MINERAL SUPPLEMENT

Exclusive vegetable culture tableting base

- Antioxidant enzymes
- Broad range of phenolic phytochemicals that function as quenchers of free radicals and superoxide dismutase
- Natural tablet disintegrant, free of yeast, grains and lactose
- Whole-food, hypoallergenic base from non-soy legumes cultured at our own facilities to assure reproducible high-quality

Emulsified fat soluble nutrients and factors

Vitamins A, D, E and K, as well as Coenzyme Q_{10}, are emulsified and dried to form true emulsions as found in whole foods. Biotics Research Corporations' emulsified nutrients lead to superior absorption.

Phytochemically Bound Trace Elements

Trace elements, including chromium, selenium, molybdenum, vanadium, rubidium and lithium are incorporated into our vegetable culture matrix. These food-form minerals are identical to those in foods to assure optimal tolerance and uptake.

Versatile antioxidants

Bio-Multi Plus™ products provide broad spectrum antioxidants, including mixed ascorbates for vitamins C and E, natural mixed carotenoids (including beta carotene), citrus bioflavonoids, Coenzyme Q_{10} and N-Acetyl L-Cysteine, together with plant form superoxide dismutase and catalase.

Chelated Minerals

Iron, copper, zinc, manganese, and magnesium as gluconates, aspartates, glycinates and calcium as citrate for enhanced bioavailability.

Balanced formulations for versatility

Levels of B vitamins and minerals are balanced, while providing a full complement of nutrients at levels that permit **Bio-Multi Plus™** and **Aqueous Multi-Plus™** to be used as a foundation for many nutritional protocols.

Bio-Multi Plus™ Iron Free and **Bio-Multi Plus™ Iron & Copper Free** are also available.
