

Biotics Research is pleased to announce  
the launch of two new products!

# BioProtect Plus™

**BioProtect Plus™** supplies a wide spectrum of antioxidant nutrients to assist in the body's ability to "quench" free radicals, which can cause biological damage to cells. Similar to our current product, **BioProtect™**, this new product also provides vitamin D3, vitamin K, green tea extract, quercetin, grape seed extract, and olive extract. **BioProtect Plus™** is gluten and dairy free.

Biotics Research is pleased to announce  
the launch of two new products!

# Whey Protein Concentrate

**Whey Protein Concentrate** from Biotics Research is derived from the milk of New Zealand, grass fed cows. These animals have not been fed any GMO containing feed, nor have they been treated with rBST or any other growth hormone. Each serving of **Whey Protein Concentrate** provides 21 grams of easy to mix, high quality protein, with an excellent amino acid profile. Whether simply mixed with water, or blended with your favorite smoothie ingredients, you will find our **Whey Protein Concentrate** is a great tasting, easy to use, superior source of concentrated whey protein.
