

Ask Your Healthcare Professional About  
These Products for Nutritional Support

**B12-2000™** — Each pleasant tasting lozenge supplies a high potency level of vitamins B12, folate, and B6. Each of these vitamins is important in a wide range functions, and the status of each is impacted by a large number of pharmaceutical compounds. **B12-2000™** lozenges are especially important for women who are pregnant, or who are wishing to become pregnant, as it contains a high level of folate.

**Bio-D-Mulsion Forte®** supplies 2,000 IU per drop of vitamin D3 as a micro-emulsion for enhanced absorption and utilization, which is particularly important for those with malabsorption conditions. Clinical use of Biotics Research's micro-emulsified vitamin D provides significant improvements in serum levels of 25 OH vitamin D following supplementation.

**Bio-Multi Plus™** - A versatile, balanced multiple vitamin and mineral supplement, that supplies unique forms of important micro-nutrients available exclusively from Biotics Research Corporation. Three options are available for this multivitamin; **Bio-Multi Plus™** containing both Iron and Copper, **Bio-Multi Plus™ Iron Free**, and **Bio-Multi Plus™ Iron and Copper Free**.

**Intenzyne Forte™** — A broad-spectrum proteolytic enzyme formulation that supports the numerous protein metabolism pathways. Proteolytic enzymes are capable of exerting influence over a variety of physiological and biochemical processes.

**Optimal EFAs® Caps** provide a complete, healthy balance of the health-promoting fatty acids, so important to good health. Fatty acid imbalances are common, and essential fatty acid (EFA) deficits generally occur in combination. Therefore, supplementation with the balanced combination of EFAs supplied by **Optimal EFAs® Caps** is prudent for optimal health.

# NitroGreens®

*Have a Sip of Summer*

# What is the NitroGreens® difference?

## With NitroGreens® you can see, smell and taste the difference!

- 100% Organic
- Extremely High Chlorophyll Content
- Enzymatically Active
- Ingredients Grown from Heirloom Seeds
- No Inexpensive Fiber Fillers
- No Nutritional Window Dressing
- High ORAC Value

**NitroGreens®** is a rich source of phytonutrients including isoflavones, polyphenols, natural carotenoids, betalains, glucosinolates and isothiocyanates, as well as naturally occurring enzymes, vitamins and trace minerals.

**NitroGreens®** supplies organic juice from barley grass, wheat grass, oat grass, alfalfa grass and kamut grass. With its high chlorophyll content, it supports healthy pH balance, GI function and gut health. It also supplies naturally occurring carotenoids and enzymes, which provide important antioxidant activity.

**NitroGreens®** supplies organic vegetable sprout concentrates from broccoli, cauliflower and kale – cruciferous vegetables providing glucosinolates and isothiocyanates, potent cellular protectants, which act via the induction of phase 2 detoxification enzymes. These concentrates are a rich source of naturally occurring carotenoids including beta carotene, lutein and zeaxanthin.

**NitroGreens®** supplies organic vegetable juice from carrots and beets. Carrot juice is an excellent source of naturally occurring antioxidants. Beet juice supplies betalains, a derivative of betalamic acid, which has been shown to inhibit lipid peroxidation and heme decomposition.

**NitroGreens®** supplies organic acerola berry extract, providing naturally occurring vitamin C, as well as naturally occurring carotenoids and bioflavonoids. Acerola has been shown to possess hepato-protective properties due to its significant antioxidant activity.

**NitroGreens®** also supplies organic peppermint leaf. The phenolic constituents of peppermint leaves include rosmarinic acid and flavonoids, including erioctrin, luteolin and hesperidin. It possesses significant antioxidant activity and provides support for healthy GI function.

**NitroGreens®** supplies an all organic proprietary blend of grass juices, vegetable sprout concentrates and vegetable juices, providing important phytonutrients and offering significant antioxidant protection, as evidenced by its high ORAC Value.

Try **NitroGreens®** as a healthy alternative to iced tea. This cool refreshing blend of phytonutrients provides health-promoting benefits while enlivening the senses. Mix with 16 oz. of water and serve chilled with lemon or honey for a delicious summertime drink.
