Bio-D Mulsion[®] 400

Bio-D-Mulsion[®] Forte

Safe:

Conservative regimen supplies necessary vitamin D (as emulsified D3) without the increased risk of hypercalcemia commonly associated with single, large dose therapies.

Effective:

Two drops daily (2,000 IU)/drop increased 25(OH)D concentrations in vitamin D deficient children 202% in six weeks, effectively tripling 25(OH)D levels.*

Easy to Administer for Greater Compliance:

Dispense one drop on back of hand or directly onto the tongue each day.
