

# Whey Protein Isolate

## Who Should Take Whey Protein Isolate from Biotics Research Corporation

Anyone who would benefit from an increased intake of high quality protein with immune enhancing properties, including athletes who wish to improve their performance, those who have a digestive imbalance, struggle with insulin resistance, or deal with the symptoms of chronic fatigue.

**Whey Protein Isolate** from Biotics Research Corporation provides all the important benefits of the industry's highest quality nutritive protein supplement as an easy to mix, pleasant tasting, all natural powder.

### Undenatured Proteins

Most whey proteins are processed using technologies which result in the denaturing of the proteins, thereby reducing important biologically active proteins such as lactoferrin (LF), Immunoglobulin (IgG =Immunoglobulin G) and glycomacropetides (GMP).

Each serving of **Whey Protein Isolate** from Biotics Research supplies 20 grams of high quality protein.\*

To place your order for **Whey Protein Isolate** or for additional information please contact us:

**(800) 231-5777**

**Whey Protein Isolate** from Biotics Research is produced using a natural, ultra-low temperature micro-filtration method. The result is a product supplying a full balance of bioactive whey proteins, with an excellent amino acid profile.

The potential benefits of Biotics Research's **Whey Protein Isolate** are numerous. For example, ingestion of whey protein by chronically ill patients has been studied. The results indicated lower oxidative stress in the study participants, resulting from increased plasma glutathione (GSH) levels.

\* Each serving of **Whey Protein Isolate** from Biotics Research supplies 20 grams of high quality protein, with significant amounts of important protein fractions (amounts are typical and representative).

Our **Whey Protein Isolate** is Kosher and Halal approved. **Whey Protein Isolate** is also available in Natural Chocolate and Natural Vanilla Flavors.

**Whey Protein Isolate** is available in 16-ounce bottles (#6420).

Not a significant source of trans fat, cholesterol, dietary fiber, vitamin D and iron.

\* The % Daily Values (DV) tells you how much a nutrient in a serving of food contributes to a daily diet. 2,000 calories a day is used for general nutrition advice.

**Ingredients:** Whey protein isolate with natural sunflower lecithin (low temperature micro-filtered).

Contains ingredients derived from milk.

This product is gluten free.

Product # 6420 Rev. 02/22

**DIRECTIONS:** Two (2) level scoops of **Whey Protein Isolate** mixed with eight (8) ounces of cool water (or the beverage of your choice). Add product to the liquid for ease of mixing.

**Caution:** Not recommended for those allergic to dairy.

### KEEP OUT OF REACH OF CHILDREN

Store in a cool, dry area. Sealed with an imprinted safety seal for your protection.

Each serving provides the following (stated amounts are typical and representative):

Beta-Lactoglobulin	14,252 mg
Glycomacopeptide (GMP)	962 mg
Bovine Serum Albumin	206 mg
Alpha-Lactalbumin	3,362 mg
Immunoglobulin (IgG)	861 mg
Lactoferrin (LF)	42 mg

### Typical Amino Acid Profile Per Serving:

Alanine	990 mg	Lysine	1,877 mg
Arginine	381 mg	Methionine	400 mg
Aspartic acid	2,176 mg	Phenylalanine	623 mg
Cystine	453 mg	Proline	1,287 mg
Glutamic acid	3,476 mg	Serine	895 mg
Glycine	326 mg	Threonine	1,412 mg
Histidine	339 mg	Tryptophan	328 mg
Isoleucine <sup>†</sup>	1,357 mg	Tyrosine	630 mg
Leucine <sup>†</sup>	2,077 mg	Valine <sup>†</sup>	1,203 mg

<sup>†</sup> Branch chain amino acids
